

HAMPTON, PHOEBUS AND OLD POINT

THE MARTIN MEN ARE VERY ACTIVE

Junior Senator's Friends Will Organize Martin Club in Hampton Tomorrow Evening.

TO MEET IN THE COURTHOUSE

Arrangements for the Visit of Governor Montague on Saturday Night Have About Been Completed—He Will Speak in the Courthouse at 8 O'clock That Evening.

A meeting of the friends of United States Senator Thomas S. Martin has been called for tomorrow evening, when a large and enthusiastic Martin club will be organized. The meeting will be held in the courthouse at 8 o'clock and all the friends of the junior senator are expected to be present.

During the past several days the campaign in the county has become quite warm and the friends of Senator Martin have been particularly active in pushing forward his campaign. According to the claim of one of the promoters of the proposed club last evening it will start out with fully 100 active members, including a number of prominent men in all walks of life.

The friends of Senator Martin, as well as those supporting Governor Montague, each claiming the county by a small majority and it is probable that the entire registered vote will be gotten out on the primary day.

Election of Commissioners.
Another matter that will be interesting to the voters of the county is the election of a new county committee. Two men are to be chosen from each of the districts. The new committee will have the selection of a county chairman.

It is likely that the present county committee will meet shortly and arrange for the reorganization of the committee.

Montague Here Saturday Night.
Arrangements are being made for the meeting, in the courthouse Saturday night, when Governor Montague will address the voters of the county. The speaking will begin promptly at 8 o'clock, and the friends of the governor contend that he will be greeted by a large crowd.

Swanson Is Strong.
The "wise ones" among the politicians predict that Congressman Claude A. Swanson, for governor, will carry Elizabeth City county by a good majority in the primary.

ANDREWS IS FINED.
Charge of Housebreaking Is Reduced to That of Trespassing.

Andrews, alias Frederick Hoff, the artilleryman arrested at Buckroe Beach Tuesday night on the charge of breaking into the hotel, was given a hearing before Justice L. E.

WRIT OF ERROR IN TREASURER FIGHT

Virginia Court of Appeals Will Hear Case in Richmond Next November.

ACTION FAVORABLE TO TOWN

Papers Were Sent to the Court in Wytheville on Monday and Yesterday Judge Harrison Granted the Writ—Attorneys for the Town Now Confident of Success.

Hon. S. Gordon Cumming, attorney for Town Treasurer Alonza A. Patrick, yesterday received word from Wytheville announcing that the Court of Appeals had granted a writ of error and supersedeas in the case of the town of Hampton against former Treasurer Capt. Jesse S. Jones.

While the action of the court simply means that the higher tribunal will hear the merits of the case, the action of the court is argued as being favorable to the interests of Treasurer Patrick and the town.

Mr. Cumming mailed the records to the court, which is now in session at Wytheville on Monday, and the papers were received by that body Tuesday. Judge George M. Harrison examined the records and granted the writ of error prayed for.

The announcement that the higher court had granted the writ of error brought welcome news to the town officials and Mr. Patrick.

It will be remembered that Judge Blackstone gave a decision awarding Capt. Jesse S. Jones the sum of \$1,998.65 and claiming that Mr. Alonza A. Patrick is not the treasurer.

The case will now come up for argument before the Court of Appeals at its session in Richmond in November.

THE HAMPTON NINE WON FROM PHOEBUS

Local Y. M. C. A. Defeated the Athletics from Sister Town by Score of 7 to 2.

The Hampton Young Men's Christian Association baseball nine added another victory to its list yesterday afternoon by defeating the strong Phoebus Athletic team by the score of 7 to 2.

Several hundred spectators saw a good game, with the exception of the first inning, when Phoebus went to pieces and allowed the Hamptonians to pile up 5 runs, two of which were homers. In this inning the Phoebusites were entirely "up in the air" and hits that should have been good for one bag or two bags were turned into home runs. The Phoebusites also did much fumbling in this inning. After this Phoebus steadied down and from that time on the game was a most exciting one. O'Keefe pitched an exceptionally good game and with the proper support the score would have been much lower.

For Hampton Rev. George F. Rogers did good work in the box. At one time, with three men on the bases and no one out, Mr. Rogers pulled himself out the hole by catching a hard liner and making a double play with the assistance of Rowe. The Hampton team had two double plays to its credit. Cunningham and Curtis did fine work at the bat. Cunningham's work behind the bat was exceptionally good and whenever a Phoebusite attempted to go to second he was a "dead one." Fuller did very good work for Phoebus in the same capacity. Hopkins did not play his usually good game, having an error to his credit and he was struck out one time.

Hampton piled up five runs in the first inning, one in the second and one in the eighth. Phoebus secured one run in the first and another in the seventh inning.

It is quite likely that another game

will be arranged between the two nines, in which event a big battle will be fought.

XAVERIAN BROTHERS

In Annual Retreat at Old Point Comfort College.

The Xaverian Brothers from the various schools and academies of Virginia are assembled at Old Point Comfort College to follow the exercises of the annual retreat under the direction of Rev. Fr. Anthony, C. P., of Baltimore, Md. The exercises began last Monday evening, June 26, and will continue till Sunday, July 2.

The report which recently appeared in some of the papers concerning the erection of a new building was a mistake, which became current, no doubt, on account of the extensive improvements which are being made in the college buildings, which at present answer all requirements.

MAY PARALLELL RAILWAY TRACKS

New Route Is Suggested in the Road From Hampton to Newport News.

At the meeting of the board of supervisors of Elizabeth City county yesterday morning Dr. Thomas H. Parramore, chairman of the commission on the road to Newport News, made quite a lengthy report. The reviewers reported favorably upon opening the road from Riverview into Salter's creek, thence into Twenty-seventh street of Newport News. After discussing the matter the supervisors laid it on the table and requested the reviewers to ascertain the advisability and cost of opening a road paralleling the tracks of the Newport News and Old Point Railway and Electric Company from Victoria avenue into Newport News.

The members of the board of supervisors are most favorable to this route and it is likely that this will be the route finally agreed upon.

The supervisors awarded the contract for supplying the poor house with subsistence to Mr. R. C. Lee, at \$117.16, and the contract for burying the paupers to Messrs. R. C. Hall & Son at \$5.25 for persons over 14 years, and \$2.50 for those under 14 years.

It was necessary for the board to draw straws in awarding the contract for supplying the county with coal. Three firms—Messrs. T. H. Wilson, Hudgins Brothers and Jacob Hefflinger—submitted bids and each wanted \$6.25 per ton for stove coal. In the draw Mr. Wilson won and was awarded the contract.

Mr. Thomas J. Haskins was awarded the contract for painting the interior of the courthouse, clerk's office, hallways and other rooms, for \$200.
